BUILDERS & INTERIORS

ABOUT US

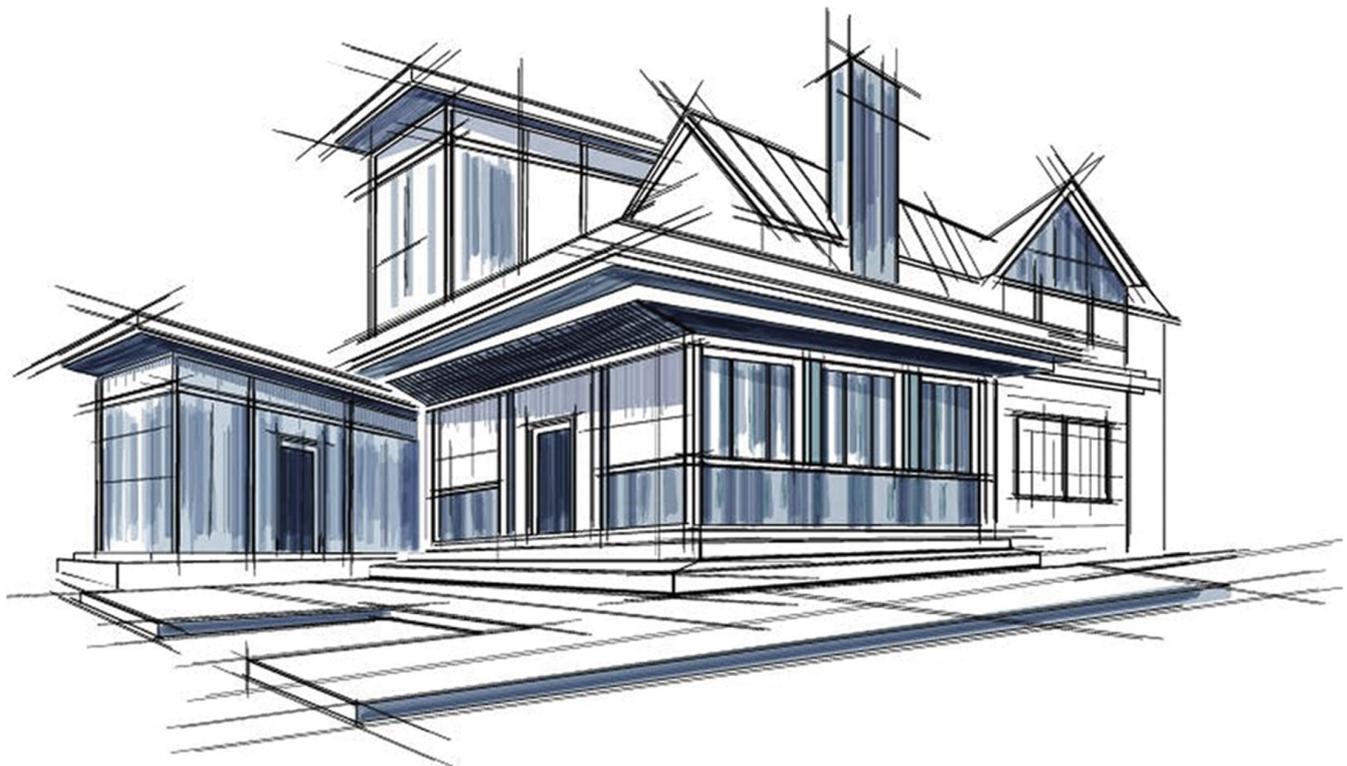

MK builders & interiors is an emerging construction company in Kerala. The company was established in 2015, with a group of professionals in interior and exterior field.

Eventhough we are in the growing stage, we have an excellent track records on completion of heavy projects all over Kerala. We mainly concentrate on interior and exterior works like homes, office, shops, ware houses and restaurant etc.

Mk builders & interiors offers A to Z services to the clients related to interior and exterior jobs. In every stage of the project, we are here to satisfy the customers by ensuring cost effective and on time completion of the project, with an excellent quality and design.

Our motto is 'Creating Happiness Through design' within your budget and time limit as per your ideas with an excellent team.

Our goal is to become an innovative and creative firm in the field of interior and exterior designing and construction with our branches distributed worldwide.

RESIDENCE

Building a home is dream coming true, and building it with precision and skill set to create a living masterpiece without losing true characteristics is an art. We put together designs, aiming to encompass yours needs and wants within your budget. This will include your selection for cladding, roofing and flooring.

BUILDERS & INTERIORS

LANDSCAPING

We assist with the design, planning and completion of your landscaping projects. MK Builders & Interiors covers everything from initial construction to any long term garden, adapted to make them natural extension of your home, created to your personal taste.

STEEL STRUCTURE

Building a high rise or any multi storey building demands the use of light weight yet strong materials. Steel, by virtue of its high strength to weight ratio, enables large span to light weight construction.

INTERIOR

Do you have a clear idea of design style or are you fully blank as a clear canvas? Come to us, we have a perfect solution to fix your problem. We offers interior design, architectural design and project management, balanced entirely around the objectives of the client. Clever storage ideas and accessories, our designers will advise you the fantastic choice of accessories and storage solutions available

KITCHEN

Wide range of kitchen styles to suit all your tastes. From classic to contemporary, whatever be your taste and budget, we have all the ingredients to create your perfect kitchen. We offers different types of worktop from granite, solid timber and laminates to composites and stainless steel. We will be happy to advise you on the options and choices available. Coupled with unique lighting, sinks and taps ensures a truly individual kitchen.

WHY TO CHOOSE US ?

INDIVIDUAL PROJECT ATTENTION

We offers all types of services to customers from designing to completion certificate. We safeguards the interest of customers in all the levels of project by providing individual attention.

QUALITY

We know that the customer satisfaction can be fulfilled by the quality of services and products. So we are giving primary concentration on quality by using high quality materials available in the market.

MONEY

As an emerging company, we are looking only into projects and customer satisfaction, instead of making maximum profit.

DESIGNING OF DREAMS

We design your dreams by putting our utmost effort to complete it. All the materials and designs will be 100% matching with your ideas and vision. Our expert designers and workers will contribute their efforts to visualise your dreams in an outstanding level.

TIME

Every customers want to complete the project within the stipulated time. So we will put our full effort to complete the project before the target date without any compromise in quality.
